

Table 2: Example of Species Produce Non-Timber Forest Products

No	Scientific name	Khmer name	Product/Function
1	<i>Albizia lebbek</i> *	Chres	leaf, bark, seed, wood/nitrogen fixing
2	<i>Amomum villosum</i>	Damlong kreung	fruit
3	<i>Anacardium occidental</i>	Chanty, khchov	fruit
4	<i>Aquilaria crasna</i> *	Chankrasna	agawood, oil, bark, wood, root
5	<i>Artocarpus spp. (jackfruit)</i>	Kh nol	fruit, wood
6	<i>Azadirachta indica</i>	Sdau	leaf, flower, bark, fruit, root, wood
7	<i>Canarium album</i>	Talat	seed, fruit, wood
8	<i>Casuarina equisetifolia</i>	Sngao	pole, wood/nitrogen fixing, agro-forestry
9	<i>Citrus aurantium</i>	Krochloving	leaf, bark, flower
10	<i>Cocos nucifera (coconut)</i>	Daung	leaf, fruit, fuelwood
11	<i>Cratoxylon prunifolium</i>	Longeang	pole, leaf, wood
12	<i>Dasymachalom lamentaceum</i> *	Cheung chab phnom	fruit, wood
13	<i>Dialium cochinchinensis</i>	Kralanh	fruit, fuelwood, wood
14	<i>Dipterocarpus alatus</i>	Chheutealteuk	resin, wood
15	<i>Dipterocarpus intricatus</i>	Trach	resin, wood
16	<i>Fagraea fragrans</i> *	Tatrao	wood, bark/traditional medicine, ornamental trees
17	<i>Garcinia hanburyi</i> *	Rong	pole, latex/traditional medicine
18	<i>Garcinia magostana (mangosteen)</i>	Mongkhut	fruit
19	<i>Hopea odorata</i> *	Koki	pole, bark, wood
20	<i>Leucaena leucocephala</i>	Kanthumthet	leaves, fruits, fuelwood/nitrogen fixing
21	<i>Mangifera indica (mango)</i>	Svay	fruit, bark, root, wood
22	<i>Melanorrhoea laccifera</i> *	Kreul	latex, wood
23	<i>Moringia oliefera</i>	Moroum	leaf, flower, bark, fruit
24	<i>Myristica fragrans (nutmeg)</i>	Pochkak	seed, nutmeg/traditional medicine, ornamental tree
25	<i>Pinus merksii</i>	Sral	resin, wood
26	<i>Psidium guajava</i>	Trabek	fruit, bark
27	<i>Pterocarpus indicus</i>	Thnong	wood/nitrogen fixing, ornamental tree
28	<i>Sandoricum indicum</i>	Kampingreach	fruit, leaf, root
29	<i>Shorea cochinchinensis</i> *	Popel	bark/traditional medicine, varnish
30	<i>Shorea guiso</i>	Chorchong	latex, wood
31	<i>Sterculia lychnophora</i> *	Samrang	fruit, wood
32	<i>Syzygium spp.</i>	Pring	fruit, bark, fuelwood/tannin
33	<i>Tamarindus indica</i>	Ampil	fruit, leaf, bark
34	<i>Toona sureni</i>	Chhamchha	bark, root, flower
35	<i>Vitex pubecens</i>	Popoul thmar	bark, leaf, seed/traditional medicine, cabinetwork

*The species marked with one asterisk (*) are priority species.*
